SUBJECT: REQUEST FOR DISCLOSURE CONFIDENTIALITY

Irathane Systems Inc., Hibbing, Minnesota requests confidentiality for the components of seven (7) of their hazardous waste streams.

1. These waste streams represent current products which could occasionally be cosigned to waste. The Minnesota hazardous waste rules require specific listings of the important ingredients and it is requested that this information does not become available to the public.
2. Being this information if made public could adversely affect the competitive position of Irathane Systems Inc., it falls under the statutory requirements of Minn. Stat. § 116.075, subd. 2. In accordance with MPCA Rule 10(b)(1) the attached letters (attachments 1 & 2) provide a statement from Irathane Systems Inc., requesting confidentiality.
3. It is recommended by the Agency's reviewing staff that the following information be kept confidential:

Hazardous waste management plans D-4, D-5, D-6, D-7, D-13, D-18, and D-26.

Confidentiality will apply only to item B.3. of each of the above listed management plans and their accompanying material safety data sheets.
